Change number of days that a visit can be edited

From the **Barnestorm Office Main Screen** select:

1. **Codes**
2. **POC Codes**
3. **Note Codes**
4. At **Filter Page,** use the dropdown and select **Master category.**
5. At **Name field,** select **NoteDays.**
5. Select the line item you want to change.
6. The **Edit an Existing Codewindow** will open.
7. Change this value to the number of days back that you need to be able to change your note.
8. Press the **Save and Return to List** button.

POC user will need to sync before number of days changes in Point of Care.

Make sure you have authorization to make these changes.
