Adding and Managing Facility History for a Patient

Track a patient's facility stays, including start/end dates, reasons, and related OASIS transfer records.

Locations of Facility History Screen

- Barnestorm Office: Click Patient Histories # Facility History.
- Point of Care: Click Transfer # Edit Facility History.

Add a New Facility Entry

- Select the **Type** of facility from the dropdown list.
- Search for the facility name, or enter the code if known.
- Select the **From** and **Thru** dates for the patient's stay.
  - Check **Dates not known** if dates are unavailable.
  - Check **Unknown** on the Thru date if the patient is still in the facility.
- Enter the **reason** for the stay.
- Click **Save**. The entry will appear in the lower panel.

Edit an Existing Entry

- Select the entry from the lower panel.
- Update the information at the top of the screen.
- Click **Save**.

Delete an Entry

- Select the entry from the lower panel.
- Click **Delete**.
- Confirm by clicking **Yes** when prompted.

Print the Facility History

- Click the **Print** button at the top of the screen.
- Select the printer icon to print.
- Click **Close** when done.

Other Options & Settings

- Add a new facility type: Go to Barnestorm Office # Codes # Security # Global Settings # Patient Histories # 1200. Enter the new type name. To add multiple, separate names with a pipe (|). Example: *Type A|Type B*.
- OASIS Transfer Report: Run Reports # Oasis # 13.17 OASIS Transfers to view all active patients with a transfer OASIS and facility entry.
- Add a new facility code: Go to Codes # Other Basic Codes # Doctors and select the correct Type from the dropdown.

> ## Tip: Keeping facility history updated ensures accurate OASIS reporting and continuity of care tracking.
