Video: Expiring 485s - YouTube

From the **Main Menu** in **Barnestorm Point-of-Care** click on **My Expiring 485s**. This will give you a list of patients with expiring 485s in order by the **Thru Date**. Use this feature frequently to know which of your patients need a 485 created. You'll also be able to see which patients are on hold and which are active.

NOTE: If a patient does not show up on your My Expiring 485s report, make sure you are listed as an Employee in that patient's Referral > Employees tab.
