From Barnestorm Office > **Codes** > **POC Codes** > **Note Codes**.

- At **Filter Page**, use the dropdown to select **Visit** or **VisitHos (Hospice).**
- At **Name,** make sure **Type** is selected.   View the screen, make sure the new assessment type has not already been entered.  If not, select **Add New Code** (A new screen will appear).
- At **Page**, use the dropdown to select **Visit** or **VisitHos (Hospice).**
- At **Name**, use the dropdown to select **Type**.
- Click on the **Add New Code** button.
- In the **Text** field, enter the name of the new assessment type.
- Click **Save and Return** or **Save and Continue** if you wish to add more codes.
- The next time the visiting staff completes a Sync they will have the new assessment type.

**\*Note:**  Avoid using Value codes 01-10; those are reserved for OASIS type assessments.
