

Using the searchbox

The new searchbox within Barnestorm is a much more powerful searchbox that allows easy search and selection of items. The searchbox typically has one box on the left and one on the right. The box to the left will handle all numeric or code entries and the box to the right will handle all of the description or text entries. In this example, the box to the left will handle the doctors code, and the one to the right will handle the doctors name:

Doctor:	
----------------	--

To fire a search, you can type a letter or number depending on your search criteria. If you type a "W" in the numeric portion of the searchbox, the "W" will be moved over to the description box to perform the search. This will return results immediately:

	Doctor:	W
0064	Dr. BRETT H WAIBEL	ECU/SOM DEPT OF SURGERY
0083	Dr. BRETT WAIBEL	600 MOYE BLVD.
0189	Dr. LEO WAIVERS	COASTAL INTERNAL MED & CARDIOLOGY
0018	WAKE MEDICAL CENTER	
0126	Dr. PAUL WALKER	LEO JENKINS CANCER CENTER
0835	Dr. WILLIAM T WALKER	DOWN EAST MEDICAL ASSOC
0304	Dr. PATRICK J WALSH	NEW BERN UROLOGY CLINIC
0753	Dr. VIRGINIA WARD	NEW BERN FAMILY PRACTICE
0070	Dr. MARK L. WARREN

0839	Dr. GEORGE H WEST	KINSTON DIAGNOSTIC
0343	Dr. WILLIAM WHEATLEY	CAROLINA ORTHOPEDICS & SPORTS MED
0226	Dr. GARY WHITLOCK	PORT HUMAN SERVICES

From this point with the results displayed, you have several options:

1. You can use the up/down arrows to browse through the results and hit the TAB or ENTER key to select.
2. You can click the answer that you prefer with your mouse to select.
3. You can continue typing more in the searchbox to narrow the results.
4. You can clear out your search criteria and begin another search.
