Direct Data Entry (DDE)

Medicare eligibility can be verified through the DDE system. The DDE On-line Remote Terminal Access was created as an integral part of the Fiscal Intermediary Standard System (FISS) to enable Medicare providers to perform the following functions (electronically):

1. Patient eligibility

2. Send Claims

3. Correct, adjust and cancel claims

4. Access revenue codes, HCPCS codes, ICD-9 Code Inquiry tables

5. Reason Codes and Adjustment Reason Codes

6. Determine DRG for Inpatient Hospital Claims
