

How To Copy A Payer To A New Program

Question: I want to create a payer in a different program. The payer is currently listed under our Program 1. Is there a way I can copy over information, to Program 2, without having to enter duplicated data?

Answer: Yes, there is. This Copy feature will allow you to copy over one payer's information into another. The following information will be copied: Payer Basic Setup, Contact Information, Payment Posting Setup, and Electronic Claim Information. (**NOTE:** For payment posting setup, you will still need to create those codes under **Accounts Receivable>Pay/Adj Codes.**) Here are the instructions on how to copy a payer:

From the main screen in Barnestorm Office, go to:

1. **Codes**
2. **Program Related Codes**
3. **Payer Codes**
4. Type in the program number (of the payer you want to copy).
5. Select the "Add a New Payer" tab to pull up a list of available codes.
6. Pick a payer code and write it down. This will be needed in Step 10.
7. Select the "Add a New Payer" tab again to return to screen.
8. Type in the payer code (of the payer) that you want to copy.
9. Select **Copy To A New Payer** tab towards bottom of screen.

(A new section will appear in the middle, right of the screen.)
