Use this report to view/print patients who have been marked On Hold in the Referral screen and have not yet been discharged.

Steps

- Go to **Reports # Patient # 01.06 Selected Patients Detail**.
- (Optional) Enter a **Program** and/or **Payer Number** to filter results.
  o Leave blank to include all programs and payers.
- Select the bullet for **On Hold**.
- Click **Print** to generate the list.

This will print all on holds regardless of From and Thru dates selected.
