

CareChamp App- My Tasks Are Not Showing Up

If your employee has logged into the CareChamp app, and the tasks do not appear please check the following:

1. Check the **Aide Plan** to verify tasks are assigned. Click [here](#) for steps on creating an aide plan.
2. Check the **employee code setup** to verify the revenue code assigned is 0570 or 0599. Click [here](#) for a detailed article on how the employee should be set up for EVV requirements.
3. Make any necessary corrections and save.
4. Have the employee sign back into the app to verify.
