# CareChamp Setup Instructions
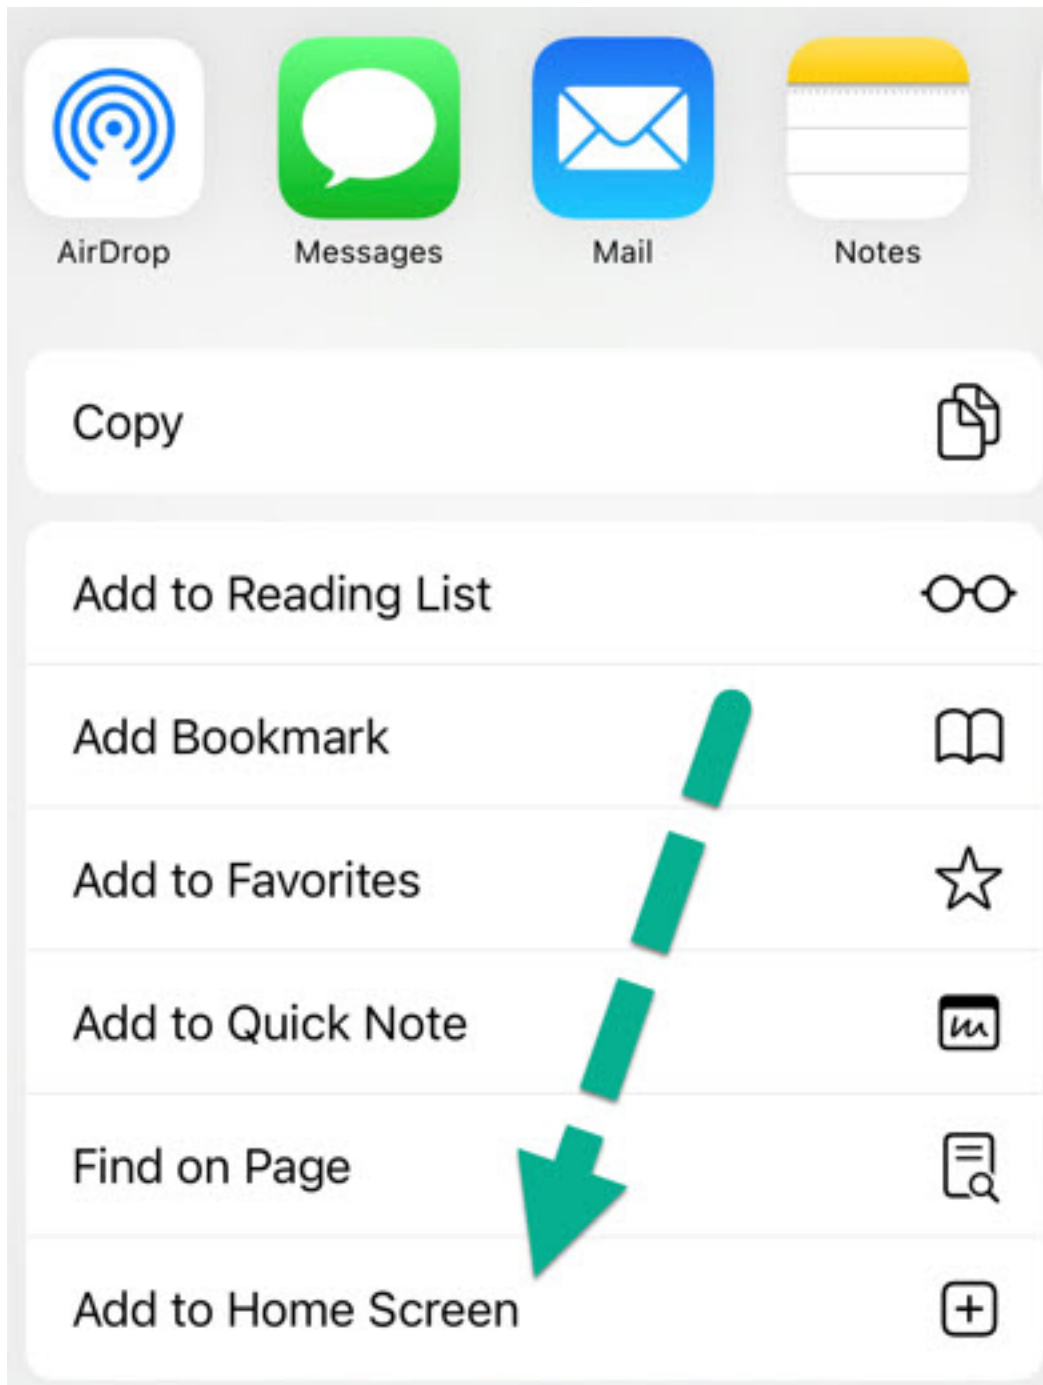

1## Install CareChamp onto Device

iPhone

- An office member will send you the install link via text message.
- Tap the link in your text message.

- Tap the Share icon (a square with an arrow) at the bottom of the screen. May look like one of these screens.

- Scroll down and tap Add to Home Screen.

- Tap Add.

2## Log into CareChamp

- Locate and tap the CareChamp icon on your Home Screen.
- Login using the username and password your supervisor has given you.

IMPORTANT: Tap Allow when prompted for Notifications. This enables the office to send messages through Barnestorm.

IMPORTANT: Tap Allow for Location Services. This is required to record your location during EVV visits.
